*Re: The Chemical Recovery Systems Site, Elyria, Ohio
General Notice of Potential Liability and
Request for Information dated March 2, 2001*

Dear Ms. Sheppard-Johnson:

Eastman Kodak Company ("Kodak") received your Request for Information letter for the Chemical Recovery Systems Site ("CRS") on March 7, 2001. Kodak requested an extension of the period of time to respond and Mr. Thomas Nash informed us that we could have until April 23.

Kodak has conducted an investigation with regard to its former Dayton Operations and CRS. At this time, we simply do not have any information to confirm involvement with the Site. We have reviewed the "Dirty Inventory" listings and would ask if you have any underlying information connected with the Inventory that could help us in our investigation that you forward it to us.

We have responded to Question 1, but in light of the lack of information, all the other questions do not apply.

Very truly yours,

Elliott Stern
